## 2022~2023

### PART 1: Q&A

- 1. My daughter is in marching band. She's also interested in joining Girls Tennis Team. But both are in the fall semester. Is it possible to work out a schedule for that?**  
**A: Yes. Music will work around sports.**
- 2. When will incoming 9th graders submit their application to PAA program?**  
**5/1 Early Action audition deadline. Helps with transfer.**  
**6/1 is another audition deadline.**
- 3. Where do they go to find a list of sports teams and music programs (besides marching band and orchestra)?**  
**A: You can find the list on school's website <https://dbhs.wvusd.k12.ca.us/>**
- 4. How do students and parents find out auditions time and what auditions are about? On School website? Or students ask the teachers?**  
**A: Follow dbhs.org and Instagram for tryout dates and school announcements.**
- 5. My daughter is a 9th grader, and she is in Brahma Tech. She is interested in PAA now. Is it possible to do both pathways? Do you have to join at the beginning of 9th grade, or can you still join in 10th grade?**  
**A: It is possible to join PAA as a sophomore. There are students in PAA with IB or PAA with Brahma Tech. If in PAA, 9th graders must take 0 period PAA. Sophomores may skip 0 period PAA**
- 6. My daughter is interested in Marquis Choir, how can she prepare and get in the program?**  
**A: Sing at high level and be able to dance. Some students get private lessons and dance training. It's the most competitive of choirs. Reach out to choir director to get some individual help to prepare for audition.**
- 7. May I know what the training schedule for Cross Country is? Is training on the weekend needed? Do students need to take Athletic classes to join Cross Country and Track**  
**A: practice 3 days a week before school. Competitions and invitationals are on some Saturdays. They will need to enroll into 6th period.**
- 8. Baseball. What are tryout dates?**  
**A: November. Spring sports try out before winter break so we can adjust student schedules.**
